Thank you, Eric. Please ask Helga to send me an electronic copy of the signed request so that I can email it to the Linde attorney. Much appreciated.

Subject: Information Request Letter Modification

Eric,

The 104e letter that I left on your chair concerns the RAD sites in the Niagara Falls area. The letter was initially addressed to Linde North America Inc., an entity which we believed to be the corporate successor to the Pittsburgh Metallurgical Company. In fact, the successor to Pittsburgh Metallurgical is Linde LLC, a distinct entity from Linde North America. Linde LLC has already begun preparing a response to our information request and is prepared to respond by July 28; however, Linde's attorney has asked that we name the correct entity in the information request letter. Please let me know if you have any questions or concerns.

Thanks,
Margo
